

**President's Corner -February 2010**  
**President's Corner**

Greetings from your Chapter President,

I hope everyone is beginning to dream about those warm, calm, warm, spring evenings soon to come our way...did I mention WARM! Well, for a moment, I was able to forget about the 12 inches of new snow covering my driveway. I hope you have found some time this winter to get your hands dirty in the hangar. I think about my project a lot... but, I always run short of time and have only been able to get in a few hours here and there.

Last month's meeting went very well...thanks to all of you! It was chuck full of great information from Keith Kaspari, and Roger Bentlage shared his vision for an aerobatic envelope over our field. Scott Bolster. proposed a flying poker run fundraiser event this summer ...so get those planes ready!

Our Guest speaker Mr. Joe Meni, a WWII veteran, was introduced by John LaCourt. Joe was a mechanic and a gunner during the war and entertained the chapter with his stories. We later honored Mr. Meni with an Honorary Membership in our EAA Chapter.

Our Christmas party was celebrated with good cheer, great food, and lots of laughter! We had over 45 members and guests attend and it was a night to remember. I would like to thank Mr. Phil Spade who organized and set up the party, Fred and Ann Joyal for their help in executing all the events of the evening, and Roger and Mary Bentlage for their help with the video presentation. Thank you again for your personal touches in helping make this a night to remember.

Hope to see you all Saturday at Boreal, 10:00am for our Chapter's monthly meeting

V/R  
Greg Durand
